NEW PATIENT INFORMATION SHEET

Welcome to Soho Obstetrics and Gynecology, the practices of Dr. Dena Harris, Dr. Deborah Coady, Dr. Eden Fromberg, Dr. Bernie Russell, and Dr. Deborah Gahr.

Please call or email us to confirm the time and date of your appointment. If we do not receive a confirmation at least 48 hours prior to your new patient appointment, it may be cancelled to accommodate other patients. Our telephone number is (212) 941-0011.

Our office is located at 430 W. Broadway, 2nd Floor, between Prince and Spring Streets. Convenient subway stops include the C, E at Spring Street and the F, V at Broadway/Lafayette St. The 6 train also stops at Spring Street east of us and the N, R train stops at Prince Street and Broadway.

Please note the following applies to all new patients who are seen in our office:

1. Upon arrival at the office you will be asked to fill out a new patient medical history form. Because your time is valuable, this form is available at www.sohoobgyn.com. You're welcome to download it and bring it completed to the office.
2. In order to have any important previous medical records available at your visit, please print, sign, and send our medical release form, also available on this website, to the former doctors.
3. Please bring the following:
 - List of your medications- prescription and over-the-counter meds, vitamins, and herbal supplements.
 - Health insurance card
 - Credit card or cash to pay for the visit. Personal checks are only accepted from established patients, not for first visits.
4. We have a very busy practice, and we do our very best to run on time and usually do. Please note that your new patient consultation, exam, and testing may take 1-2 hours, to help you plan accordingly.

This first appointment is for consultation and examination only. If you require a surgical procedure, the doctor will discuss the surgical arrangements with you at this visit.

The office staff of Soho Ob/GYN is pleased to help you improve and maintain your health. Feel free to call or email us with any questions. Thank you.
